foreword

We have the pleasure to present before you our International Colour Slide Exhibition under the headline of 1st Howrah Colour Salon. After successful completion of two Indian Salons the jump to International one is an adventurous step no doubt, but the urge to show and see outstanding colour slides of eminent photographers round the globe drag us to organise this International Colour Salon. Though we have to face many odds to proceed with, yet the response and such good quality of colour slides wiped out all this resistance. It is our pride that we are holding such an exhibition which is a new to this land and it is our satisfaction that we are able to quench the thirst to some extent atleast of a large number of photolovers.

This year we have got participation from 18 different countries. Our panel of selectors have taken two consecutive days to select the slides. The selection of slides was made in two stages. Firstly, the judges used a silent electric voting machine which makes it impossible to know one judge the voting of another. Those slides voted by two or more judges have been placed for final selection by secret numerical score which also abstain one judge to know the score given by another. Such selection system, we believe, makes a true reproduction of the judges view on each slide. We are glad to mention here that this Salon have strictly followed the P. S. A. and F. I. P. recommendation practice.

We are grateful to Messrs. B. K. Sinha, Benu Sen, A.R.P.S., E.F.I.A.P. and Subrato Ray, A.R.P.S., E.F.I.A.P., for the valuable task they have taken in selecting slides.

Thanks extended to our entrants, donors, patrons, advertisers, press and to the authority of Howrah Medical Club.

In fine, I thank the Salon Committee and general members whose ceaseless efforts have shaped this Salon a success.

Arabinda Dey
President

Bata INDIA

EXPORTS EXCEED

Rs 40 Million

Last year's record surpassed by over Rs 5 Million

In line with the country's increase in exports last year, Bata-India, too, earned substantially more foreign exchange than in 1967.

Bata-India will continue in its efforts to increase exports, in spite of stiffer competition in foreign markets and rising costs of production at home. The export drive is being intensified at every level of operation.

In these endeavours, we hope, we shall always receive the fullest support from the Government.
