FOR YOUR GLORIOUS FUTURE & SECURITY

c|o|u|r|t|e|s|y

This evening Society of Photographers presents before you its Twelfth International Colour Salon in Succession. Once again we find before us the mighty artists of the Globe in keen competition with their colourful creation of aesthetic beauty.

Lovers of beauty as we all are, we care no pains involved in conducting such a salon—a lone of its kind in India, keeping in view the pleasure we all gain of it and the knowledge of advancement of Photography around us.

Colour is perhaps the holiest, the most divine, the most solemn of all God's Gifts to the sight of man. Nature, as such, we see is never grudging in unfurling her vast treasure of pure colour before us. While appreciation of colour demands the most thoughtful minds the appreciation of beauty springs mainly from a pure, right and open state of the heart for its truth and intensity.

The laurelled artists here, through their silent but clear language of lines expressed in the highest degree, have conveyed their thoughts so lucidly as to single them out of hundreds of works and rank them as outstanding.

Though it must be confessed that all the works are not upto the standard of competing International salon and famed artists have been seen trying with very little variation over their recognised work, it must be admitted at the same time that instance of novel attempts and worthy creation have been put up though very few in numbers.

This year 278 artists of 35 participating Countries have sent in as much as 1092 entries out of which only 224 have been considered worthy of exhibition. The judges like all other years have very kindly taken all pains to be morally and impartially just in judging each and every work of art and the Society for this owes much to Sri Benu Sen, Sri Subroto Ray and Sri Samir K. Bose. It is needless to mention that to hold an International Salon at par with its reputation is not an easy affair without the heartfelt sense of duty and a spirit of harmonious service of the members, friends, organisations and well-wishers, who extended their hands of co-operation with us. Our Society expresses its deep debt of gratitude to them. The Society also conveys its thanks to the entrants, donors, advertisers, patrons and the authorities of Howrah Medical Club, the news papers and the magazines, Akashbani, Calcutta Duradarshan Kendra, Ghosal Bagan Sangha and others for their counsel and sincere co-operation and to Sm. Rita Dey for her melodious voice without which the Salon would never have been a grand success.

I shall be failing in my duties if I do not convey my thanks to the guests and spectators who have kindly graced the occasion with their valuable presence.

Gobinda Chandra China

Gathering Storm

It's about time we came out in the open and said so. Because, for the last three years, INDU's been making the entire range of photographic products.

And HPF is much more than the only company in India to manufacture film: it is one of just six companies in the world which has the sophisticated technology to make photo-sensitized film.

What makes INDU so special is this: there are only six countries in the world which manufacture their own film. And, India, thanks to INDU, is one of them.

INDU has slowly but steadily absorbed technology and know-how from its foreign collaborators, and is today making photo film to international standards.

INDU—the leader with the leaders:

Top professional photographers, film-makers, cinematographers, and radiologists turn to INDU. They know that, today, the name INDU is synonymous with quality.

The INDU range—your proof of quality:

INDU Roll Film. INDU Bromide

Paper. INDU Cine Positive. INDU Cine Sound Negative. INDU X-ray. INDU Polyester Base X-ray. INDU Medium Contrast Graphic Arts Film. INDU Diapositive. INDU Document Copying Paper.

Each product offering you quality you can trust — because it's from INDU.

Yes, today INDU can make it on its own — and make it better. Which is why we say with confidence: **INDU IS FILM.**
