Now IPC brings to India the four most advanced Kodak films the world has ever seen.

VR 100 Detail colour

VR 200 Vibrant colour

VR 400 Fast-action colour

VR 1000 Low-light colour

The Kodacolor VR Series.

Meet the family of 35 mm Kodacolor VR films, embodying dramatic advances in speed, grain and sharpness.

Kodacolor VR 100 film (ISO 100) is the sharpest colour-negative film Kodak has ever made.

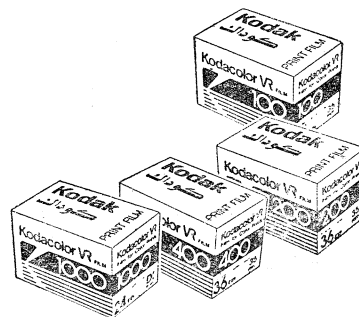

Kodacolor VR 200 film (ISO 200) offers you all the advantages of Kodacolor II film, plus twice the speed.

Kodacolor VR 400 film (ISO 400) gives you finer grain and better colour saturation than Kodacolor 400 film.

And Kodacolor VR 1000 film (ISO 1000) is the world's fastest colour-negative film, with very fine grain, medium sharpness and excellent colour rendition.

The new Kodacolor VR Series of films use existing colour processing and, so, can easily be processed in India.

To ensure that your colour prints are of international quality get your processing and printing done by IPC

Sixteen years in succession, Society of Photographers holds its International Colour Salon. This year 262 artists of 31 different countries of the globe have participated in the salon with 1033 entries. While the number of participating countries is increasing, it is painful to see that Indian exhibitors failed to respond adequately to such an opportunity of competing an International Salon.

The PSA gold this year goes to West Germany. Mr. Gerd Steiber has shown his master mind in his splendid landscape and Mr Jorge Romano of Argentina has excelled everybody in the contemporary section Mr Jan-Michel Gaty of France is another proud winner of FIAP Gold with his unique creation. It is a pleasure to announce that Mr Arunangshu Mukherjee of Bengal has oncea gain been adjudged the best of all Indian entrants.

The judges Mr Benu Sen, MFIAP, FRPS, FNPAS and Mr Subroto Ray, EFIAP, ARPS took all pains to keep the standard befitting an international salon and were very keen in judging each and every original work of the artists.

The Society in holding such a salon owes a lot to the entrants, donors, advertisers, patrons, the press, the authorities of Howrah Medical Club, Akasbani, Calcutta Dooradorshan Kendra, Mr Peary Mohan Khan and others for their counsel and sincere cooperation and to Smt. Nabina Roy for lending her graceful voice to make the salon a grand success.

I shall be failing in my duties if I do not show my gratitude to the members of the Society who rendered so much of sincere labour to give this salon an all round look of completeness.

**It speaks up. It also knows how to shut up.
Get the picture?**

Double speaker. Double shutter.

The Webel Mark II. A five watt audio output distributed over two speakers.

So the message comes through loud.
And clear.

A 51 cm. screen for sharp, not blurred or dancing images.

The Mark II has also been designed to take on VCR, video games and personal computer functions.

And after the fun and games, switch it off, pull the double shutters and it simply...
