On the eve of 26th International Colour Salon of the Society of Photographers, all the members of the Society offer their sincere gratitude to the participants for their kind co-operation in making the Salon a success.

To day our planet is disturbed with various types of undesired activities which is tending the mankind to become hostile -- but even so, the world of creativity has not been ruined, the men with creative sense are still alive and it can only be prayed "Let the good live till the evil dies."

In our Salon, as good as 209 entrants from 27 countries have participated with their aesthetic creation. We are still not content with the number of participants and expect that during the years ahead, we would be receiving entries from more, if not all the countries of the world. We also take the privilege of congratulating the recipients of the awards in the different discipline and categories. Those who have not our wishes are there for them for the future.

Like previous years eminent personalities in the field of photography had given their valuable time and energy. We are thankful to them. We would also like to offer our sincere thanks to everybody who have directly and indirectly helped us in whatever possible way, to make this salon a success. We also thank Mrs. Pratiti Das for lending her voice during projection.

Perhaps it is the rule of the earth that everything good do not go together and there has to be sorrow in life. One of our most senior and honorary member Mr. B. K. Sinha has passed away after a prolong association with our Society. He has all along been highly accomodative and helpful in our activities. May his soul rest in eternal peace.

Howrah,
The 26th February, 1994
